

DIE-CUTTING

VICTORIA FINDLAY-WOLFE

TIPS FOR IMPROVISATION USING A SIZZIX DIE CUT MACHINE IN MODERN QUILTING:

Making fabrics can be scrappy like I share in my book, [15 Minutes of Play](#), or simply cut leftover blocks, old quilt tops, or blocks from other projects. Take the opportunity to try something new to shake up your creative process. Each time you do, your creative skill set becomes a little greater, and more ideas will come to you.

When using your Sizzix machine remember:

1. Sizzix Cuts 8 layers of cotton fabric at a time. If you have seams in your fabric, each seam layer counts. So count that you are not over 8 layers.
2. IMPROVISATION with die cutting. Creativity is taking risks! Cut it up! then decide what is next, how can I use it?
3. Trust yourself to work with the pieces you have, there are no mistakes!
4. The Eyes have it! Look at your fabrics each step of the way to see how are they cutting up, what new shapes and colors do you have to work with, and how can you build with what you have in front of you.
5. Each shape can be filled with multiple colors, how can you change the story by adding new eyes to old projects.
6. Using my Sizzix machine gets me out of my own box, forces me to try something new, which is good for shaking up your creative process.

BROTHER PQ1500SLPRW

HIGH SPEED STRAIGHT STITCH SEWING MACHINE

BROTHER PQ1500SLPRW

High Speed Straight Stitch Sewing Machine

The PQ1500SLPRW is a dream machine that belongs in the sewing room of every serious quilter and seamstress. It is a high-speed straight stitching machine, sewing up to 1,500 stitches per minute! The PQ1500SLPRW offers an adjustable pin feed mechanism, 4 feed dog settings for maximum fabric control, a knee lifter and bed extension table for quilting, full range foot pressure adjustment and an automatic thread cutter with F.A.S.T. needle threader - a time saving convenience.

- Up to 1500 stitches per minute
- 4 Feed Dog height adjustments
- Built-in knee lifter to easily raise and lower the presser foot, so your hands are free to re-position or remove your fabric
- Extra-large extension table
- Automatic thread cutter button
- Convenient thread tension dial
- Pin Feed Mechanism allows you to exchange the use of the feed dogs for a single pin that cleanly extends from beneath the machine, moving all layers of your quilt together or moves a delicate velvet without leaving feed dog marks in the nap
- Available at your local Brother dealer
