

# WALKING FOOT SPIRAL

CHRISTINA CAMELI

- Use your walking foot and freezer paper to make a simple quilted spiral!
- Start by tracing a circle onto freezer paper. Make sure the circle is at least 3-4" wide. Cut out the circle.
- Iron the freezer paper shiny side down to the spot where you want the spiral's center to be.
- Begin quilting by stitching right along the side of the freezer paper until you have come around the whole circle. Use a twisting motion of the hands to rotate the piece under the machine as you work.
- After completing the stitched circle, slowly come away from the circle bit by bit until the stitched circle is aligned with the side of your walking foot. You can remove the freezer paper circle now if you wish.
- Now continue stitching, keeping the stitched curve following along the side of the walking foot. This will keep your spacing consistent as you go.
- As you work outward it will get easier to turn your quilt and your line of stitching will be smoother.

## SEWING MACHINE SPECS

### JANOME HORIZON MEMORY CRAFT 9400

<http://janome.com/en/machines/sewing/9400/>

The time spent behind your sewing machine is some of the most precious, so you deserve a machine that lets you get the most out of it. Created with special, easy and time-saving features, the Horizon Memory Craft 9400 is unlocking limitless possibilities for quilters to escape into a world of pure creativity. Quilters now have a full 11" of bed space to the right of the needle to store extra fabric from a quilt. In addition, quilters can enjoy exceptionally smooth quilt piecing with the included AcuFeed™ Flex Layered Fabric Feeding System; achieve faster performance with a sewing speed of 1,060 SPM and view their work, shadow-free, with the machine's retractable High Light™. Navigation through all of these features has become easier with the MC9400's new LCD color touchscreen.

- Top loading bobbin system
- Straight stitch needle plate included
- Maximum sewing speed: 1,060 stitches per minute
- Improved ergonomic shape
- One-step needle plate conversion with 3 needle plates
- Create your own decorative stitch with Stitch Composer
- Full Intensity lighting system with cool touch LED lamps
- Superior needle threader
- Detachable AcuFeed Flex Layered Fabric Feeding system
- Variable zig zag
- Advanced needleplate markings
- Sewing Applications on-screen support
- 11" to the right of the needle
- retractable and adjustable sewing light
