

FOUNDATION PIECING

VIOLET CRAFT

TIPS

- You can download the snail pattern demonstrated from Violet's website here: violetcraft.com/pdf/forest-abstractions-quiltthe-snail
- Always make a copy of the pattern, so you can remake your pattern
- If printing a pattern from a pdf, always be sure your printer settings are "actual size" and at the percentage indicated on the pattern
- The pattern is the reverse image of the final piece
- Use paper piecing thread, a straight stitch and smaller stitch length
- Precut your seams as instructed in the segment
- Always sew a at least a quarter inch past the lines on your pattern
- Use a seam roller to flatten your seams instead of ironing
- When tearing away the paper, start from the outside and work in
- Violet recommends the following tools to make paper piecing easy:
 - Quilting ruler or add-a-quarter ruler
 - Seam Roller: violetcraft.com/pdf/violet-craft-seam-roller
- Violet has a number of tutorials on foundation paper piecing here: violetcraft.com/tutorials

SEWING MACHINE SPECS

JANOME 1600P-QC

<http://janome.com/en/machines/sewing/1600p-qc/>

Fast speeds and smart design make the 1600P-QC the perfect machine for sewing and quilting! You'll find everything you need to complete projects quickly and easily: Speeds of 1,600 stitches per minute make this the fastest machine on the market; nearly 9" x 6" to the right of the needle gives an extra wide work area; the side-loading bobbin allows for easy access, even from a quilt frame; the automatic thread cutter cuts top and bobbin thread at the push of a button; and the ergonomic knee lift offers a full range of adjustment so you can find the size that fits you.

- High Speed Straight Stitch
- Speeds up to 1,600 stitches per minute
- Speed control slider
- Independent bobbin winder
- Automatic thread cutter
- High quality free motion quilting
- Adjustable Foot Pressure
